

New Training Days Announced for the **WAIS-IV^{UK}, WMS-IV^{UK} and ToPF^{UK}**

Book your place today at marketing@psychcorp.co.uk

Course outline:

Each workshop, is suitable for CL1 registered users and will cover the **WAIS-IV^{UK}, WMS-IV^{UK} and ToPF^{UK}** - (Test of Premorbid Functioning - UK Version, previously - **WTAR^{UK}**)

Led by our expert course leader, John Crawford who will provide:

- An examination of the **structure of the tests (what they measure)** and their **reliability** (with an emphasis on their **UK psychometric properties**).
- Coverage of the distinction between the **reliability** and **abnormality** of differences among **index scores**, including **base rates for abnormal scores**.
- Guidance on the **estimation of premorbid** WAIS-IV^{UK} and WMS-IV^{UK} scores.
- Advice on **interpretation of the** WAIS-IV^{UK}.

• ~~Monday 6th September - Leeds~~

John Crawford is a Professor in the School of Psychology, College of Life Sciences and Medicine, King's College, University of Aberdeen. He holds honorary appointments as a Consultant Clinical Neuropsychologist and Consultant Clinical Psychologist with the NHS; he is also an Adjunct Professor at the Flinders University of South Australia. Professor Crawford has published over 150 scientific papers. His research is wide ranging but is unified by his interest in the quantitative aspects of psychological measurement. He has developed an extensive set of statistical methods for analysis of the individual case.

Book your place today to avoid disappointment, places will be booked on a first come basis. Contact us at marketing@psychcorp.co.uk
